

# Fighting Human Trafficking with Freight

## Our Mission

Valor Victoria launched the **Victims To Victors** project in 2024 - an interception initiative to reach trafficked victims.

We aim to provide rescue information and education to trafficked humans through advertisements placed on shipping containers, nearby signage, and trucks - **connecting them to vital rescue and support services.**

Our mission is to provide hope and assistance to those in need, equipping them with the resources necessary to reclaim their lives and become **victors over adversity.**

## Realities of Human Trafficking at the Southwest Border and Beyond

# 60%

of children who cross the border unaccompanied are exploited and trafficked

# 138K

unaccompanied minors crossed the Southwest border in 2023

# 62%

of all survivors who called our partnered hotline, Rescue America, are victims of child sex trafficking

## Get Involved

Join in with other organizations looking to collectively pool resources to make a difference in the lives of trafficked victims
